

### Facts and figures about the garden tiller

<b>Weight (tiller + tines)</b>	9.5 kg / 21 lbs
<b>Tiller width</b>	22 cm / 9"
<b>Working depth in tilling mode</b>	25 cm / 10"
<b>Working width: weeding/digging</b>	20-25 cm / 8-10"
<b>Working width: ploughs</b>	12 cm / 5"
<b>Working depth in weeding mode</b>	3-10 cm / 1-4"
<b>Working width: lawn dethatcher</b>	40 cm / 16"
<b>Working width: lawn aerator</b>	20 cm / 8"
<b>Tines</b>	2 patented elements, whose curved teeth dig into the earth at up to 240 revolutions per minute
<b>Tine guarantee</b>	Lifetime against breakage
<b>Tiller guarantee</b>	5 years
<b>Money-back guarantee</b>	1 year, from purchase date

### Optional accessories

(require the Mantis garden tiller as the base unit)

<b>Planter</b> 6222	Ideal for digging planting rows, drainage and irrigation channels
<b>Plough</b> 3333	Digs planting rows and simultaneously heaps earth over the neighbouring row
<b>Plant guard</b> 5333	Gently pushes aside branches, stems and leaves to protect them from the tines.
<b>Border edger</b> 3222	Cuts perfect lawn edges along beds, terraces and paths etc.
<b>Lawn dethatcher</b> 5222	60 steel springs comb the ground to remove plant residues and moss without damaging the root system.
<b>Lawn aerator</b> 4222	Cuts thousands of tiny grooves in the lawn, enabling the improved uptake of air and nutrients by grass
<b>Crevice cleaner</b> 8222	Removes moss and weeds from cracks and crevices in paths and terraces
<b>Wheel set</b> 9222	Makes transportation of the tiller easier and stabilises the crevice cleaner and border edger
<b>Kickstand</b> 4333	Functions like a bicycle stand, enabling you to 'park' your tiller more easily
<b>Weed reducer</b> 1722	Prevents vetch and weeds from becoming tangled round the axle of your tiller.

Additional accessories for tiller storage and maintenance can be found at

**Technical data:**

<b>Motor type</b>	Magnet electric motor
<b>Volts</b>	230
<b>Gears</b>	3
<b>Revolutions</b>	Up to 240 / min.
<b>Safeguard</b>	Built-in circuit breaker
<b>Start</b>	Safety switch
<b>Fastener for extension cable</b>	On handle
<b>Noise level</b>	83 decibels at operating position height, max. 87 decibels directly at motor height
